

CUCUMBERS

PICKLING HYBRIDS & POLLENIZERS FOR HYBRIDS Comparative tables

	PICKLING HYBRIDS	Fruit shape	LD ratio	Maturity	Fruit color	Psl	Co	CMV	PRSV	Px	Ccu	WMV	ZYMV	Type
	Cross Country F1	blocky to slightly tapered	3.1 3.2	mid early	dark green	R	R	IR		IR	R			predominantly female
	Eclipse F1	blocky to slightly tapered	2.9 3.1	mid season	medium dark green	R	R	IR		IR	R			predominantly female
	Feisty F1	slightly tapered	3.1 3.3	mid late	dark green	R	R	IR		IR	R			predominantly female
NEW	Fortune F1	straight, blocky	3.1	mid early	medium dark green	R	R	IR	IR	IR	R	IR	IR	monoecious
	Sassy F1	slightly tapered	3.2 3.4	mid late	dark green	IR	IR	IR		IR	R			predominantly female
NEW	Treasure F1	straight, blocky	3.0 3.1	early	medium green	R	R	IR		IR	R			predominantly female
NEW	Wealthy F1	slightly tapered	3.0 3.2	mid season	medium green	R	R	R		R	R			predominantly female

	POLLENIZERS FOR HYBRIDS	Fruit shape	LD ratio	Maturity	Fruit color	Psl	Co	CMV	Px	Ccu	Type
	HM 82	slightly tapered	2.9 - 3.0	early	dark green	R	R	IR	IR	R	monoecious

Disease codes

Psl Angular leaf spot
 Co Anthracnose
 CMV Cucumber mosaic virus
 PRSV Papaya ringspot virus
 Px Powdery mildew
 Ccu Scab
 WMV Watermelon mosaic virus
 ZYMV Zucchini yellow mosaic virus

Disease reaction guide:

R - Resistant
 IR - Intermediate resistance

L/D=Length/Diameter Ratio.

The L/D ratio is not an absolute figure within a variety but will vary depending on the grade of fruit being measured and environmental conditions. L/D ratios shown here have been averaged from measurements taken at trials run in several different loactions.

The above L/D ratios are shown in order to more fully describe the relative fruit size of one variety in relationship to that of another.

Harris Moran Seed Company - PO Box 4938, Modesto, CA 95352, USA - Phone: 209.579.7333 - Web: www.harrismoran.com

Data and disease ratings are an average of results from various test locations. It is not a prediction of future performance, but a summary of past results. Your performance will vary depending on the actual environment, pathogen strain and management conditions of your field. You must read and understand the Harris Moran Limitation of Warranty and Liability (found at www.harrismoran.com) before using this product.
