DISEASE REACTION GUIDE

R - Resistant
IR - Intermediate resistance

NOTE

Ask your Harris Moran Sales Representative about pelleting for these fine lettuce varieties.

GROWERS PLEASE NOTE

Many of our varieties are provided as MOSAIC INDEXED LETTUCE SEED (M.I.); Tested for the presence of lettuce mosaic virus. LMV was not detected in a sample of 30,000 seeds.

Harris Moran Seed Company - PO Box 4938, Modesto, CA 95352, USA - Phone: 209.579.7333 - Web: www.harrismoran.com

Data and disease ratings are an average of results from various test locations. It is not a prediction of future performance, but a summary of past results. Your performance will vary depending on the actual environment, pathogen strain and management conditions of your field. You must read and understand the Harris Moran Limitation of Warranty and Liability (found at www.harrismoran.com) before using this product.
